- [ ] In the bottom, I can see some empty space below “More Details”

- [ ] Freeze the header row

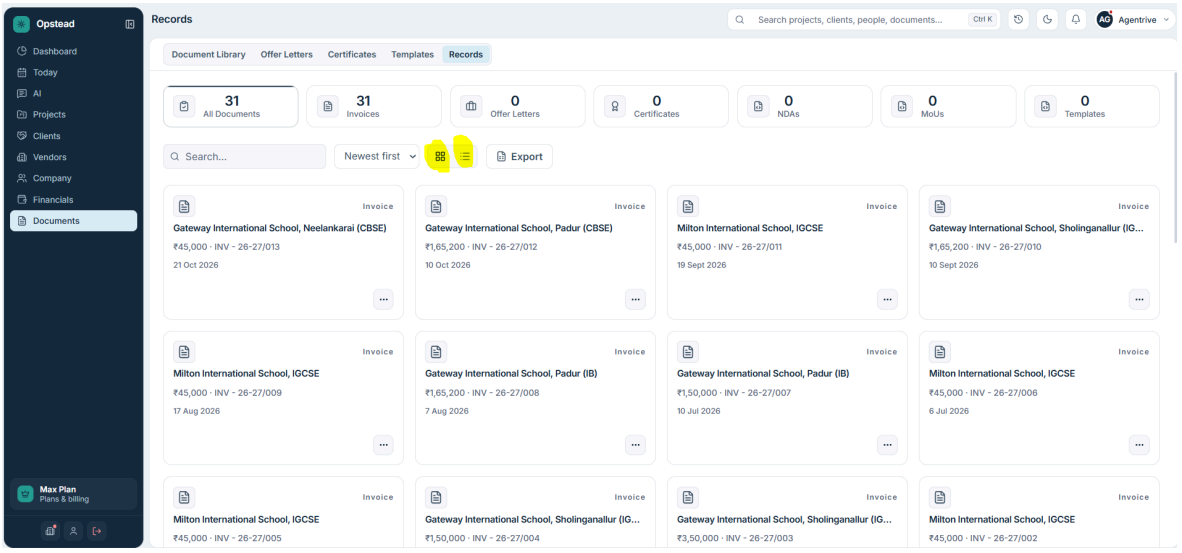

https://edgeos-beta.vercel.app/today

- [ ] Push the content end to end like how is done for all the other pages

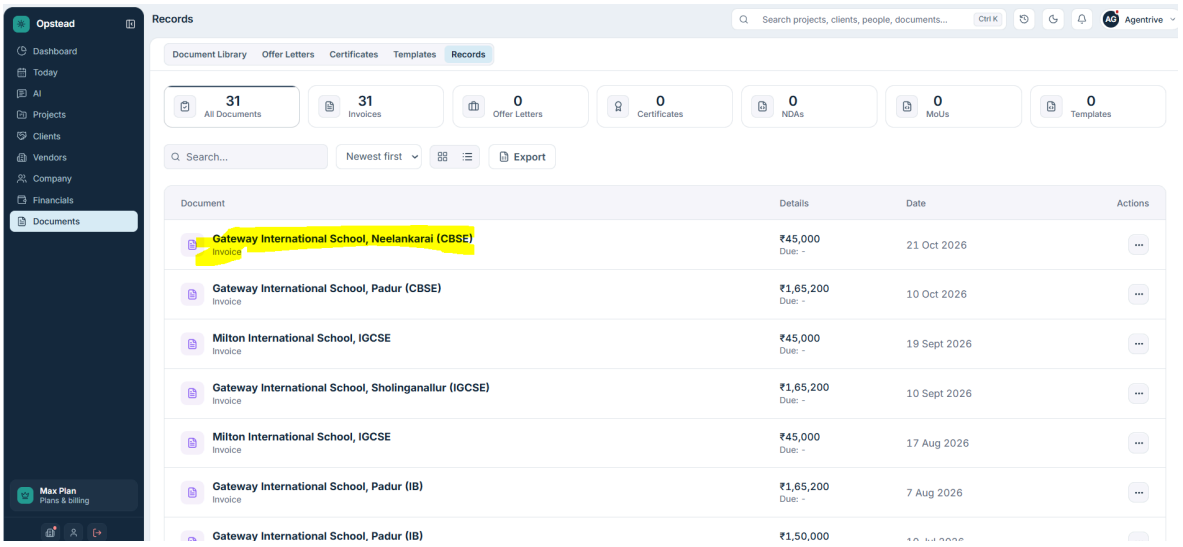

https://edgeos-beta.vercel.app/documents/records

- [ ] The default view has to be “List”. Push the list icon first followed by grid icon

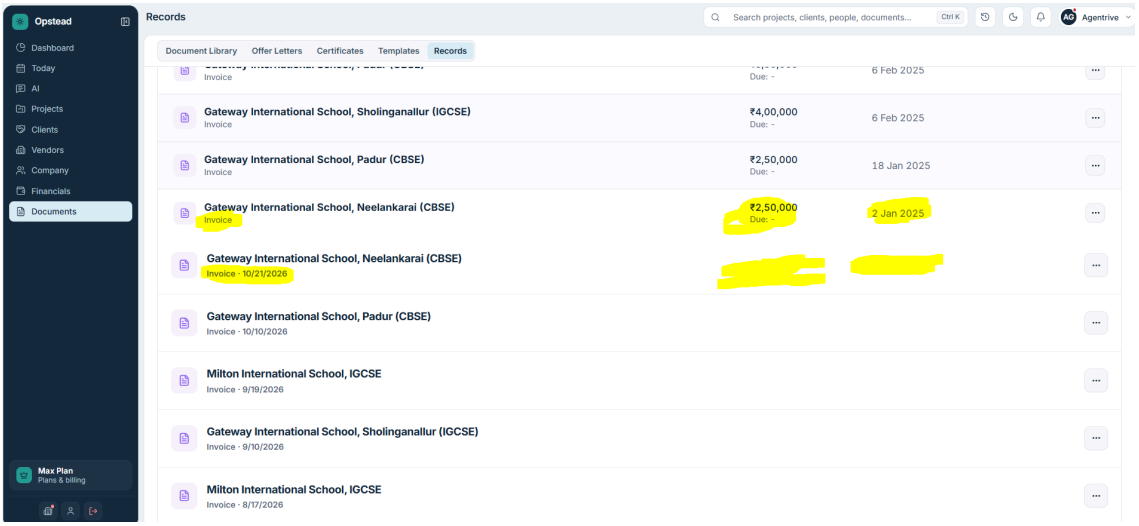

- [ ] The font size is big and column width is big - Reduce it

Maintain the below size

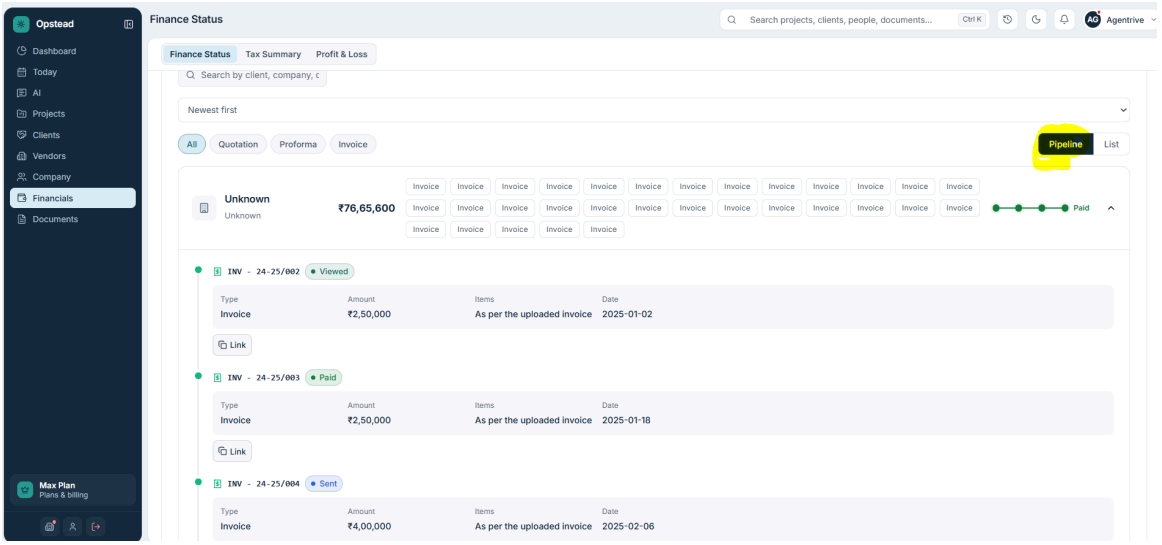

1	21-10-2026	INV - 26-27/013	₹45,000	₹0	-	Sent	PRJ-2022-001	Amoldo Technologies
2	10-10-2026	INV - 26-27/012	₹1,65,200	₹25,200	-	Sent	PRJ-2022-001	Amoldo Technologies
3	19-09-2026	INV - 26-27/011	₹45,000	₹0	-	Sent	PRJ-2022-001	Amoldo Technologies
4	10-09-2026	INV - 26-27/010	₹1,65,200	₹25,200	-	Sent	PRJ-2022-001	Amoldo Technologies
5	17-08-2026	INV - 26-27/009	₹45,000	₹0	-	Sent	PRJ-2022-001	Amoldo Technologies
6	07-08-2026	INV - 26-27/008	₹1,65,200	₹25,200	-	Sent	PRJ-2022-001	Amoldo Technologies
7	10-07-2026	INV - 26-27/007	₹1,50,000	₹0	-	Sent	PRJ-2022-001	Amoldo Technologies

- [ ] Give the Pagination up to 50 per page.
- [ ] Freeze the top row
- [ ] For some, I can see the amount and date. For some it is missing. The Date is not order - Latest should be in the top

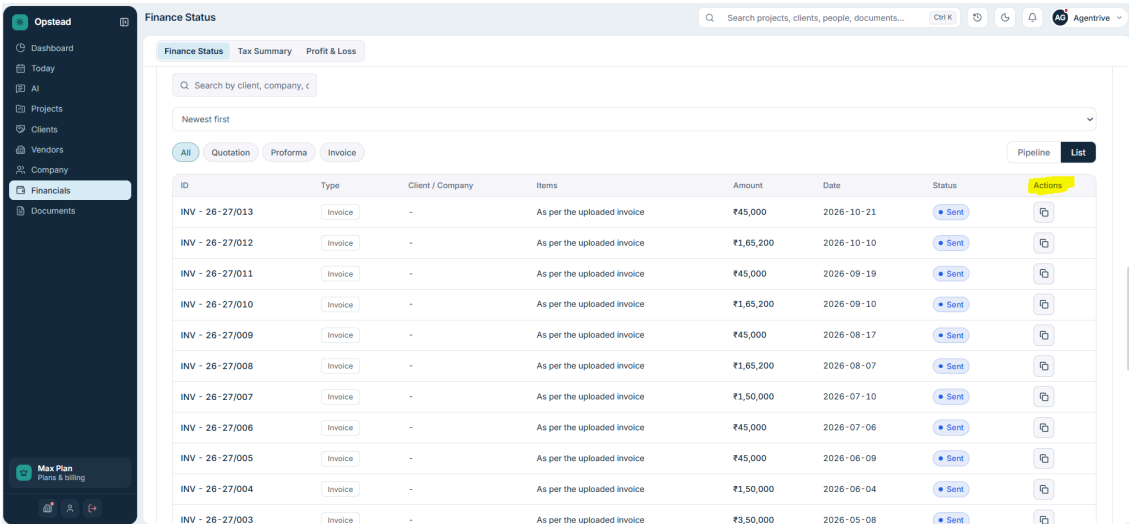

https://edgeos-beta.vercel.app/financials/finance-status

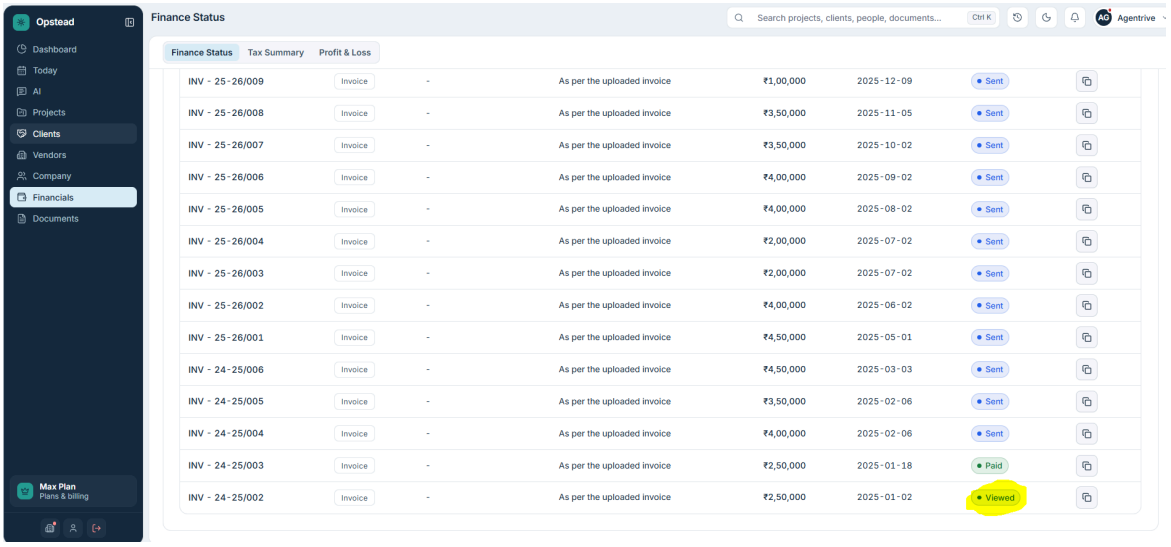

- [ ] Remove the “Pipeline”, let keep only the “List” format

- [ ] In the list view, Remove the “Actions”, Instead Keep “View Invoice”.

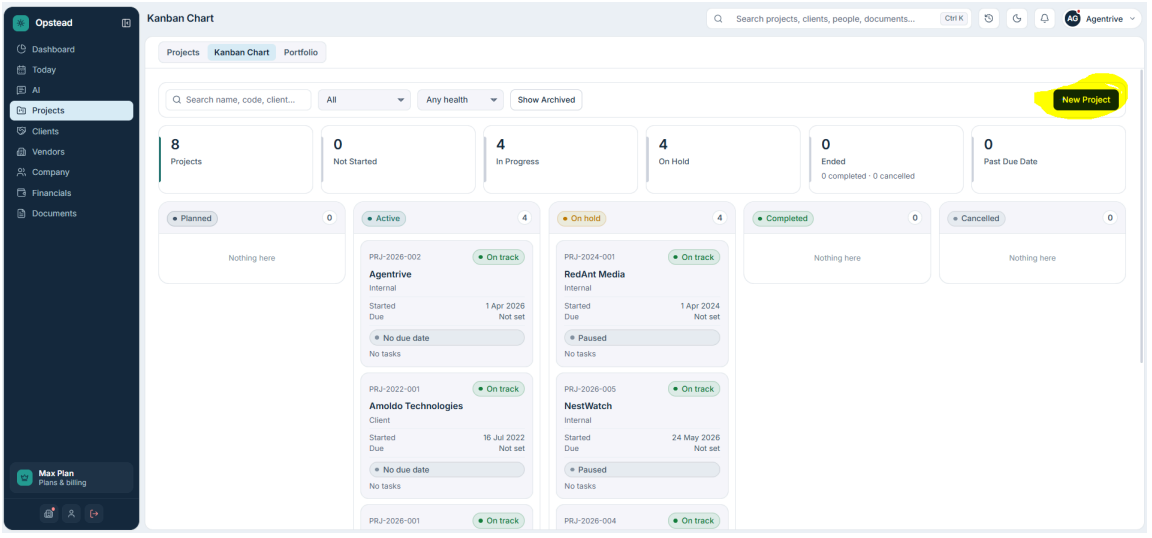

- [ ] Freeze the Top heading row and pagination up to 50 per page
- [ ] Only two actions should be displayed - “Sent” and “Paid”. Remove “Viewed”

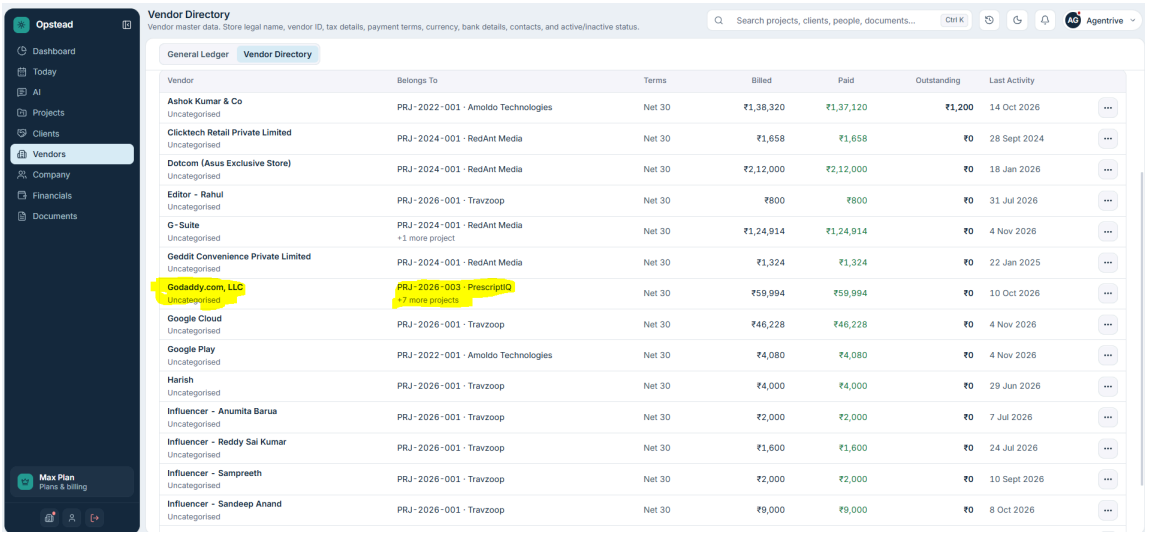

https://edgeos-beta.vercel.app/projects/kanban-chart

- [ ] Remove “New Project” button in the Kanban chart tab. As we already have in Projects tab

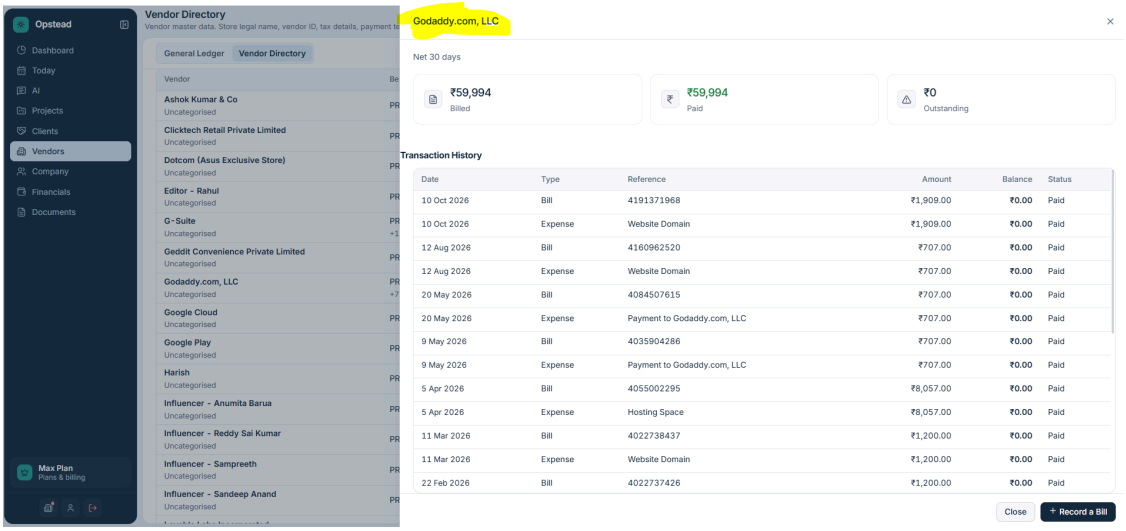

https://edgeos-beta.vercel.app/vendors/vendor-directory

- [ ] When i click on a vendor “Godaddy.com, LLC”, which says it is into PrescriptIQ and +7 more projects.

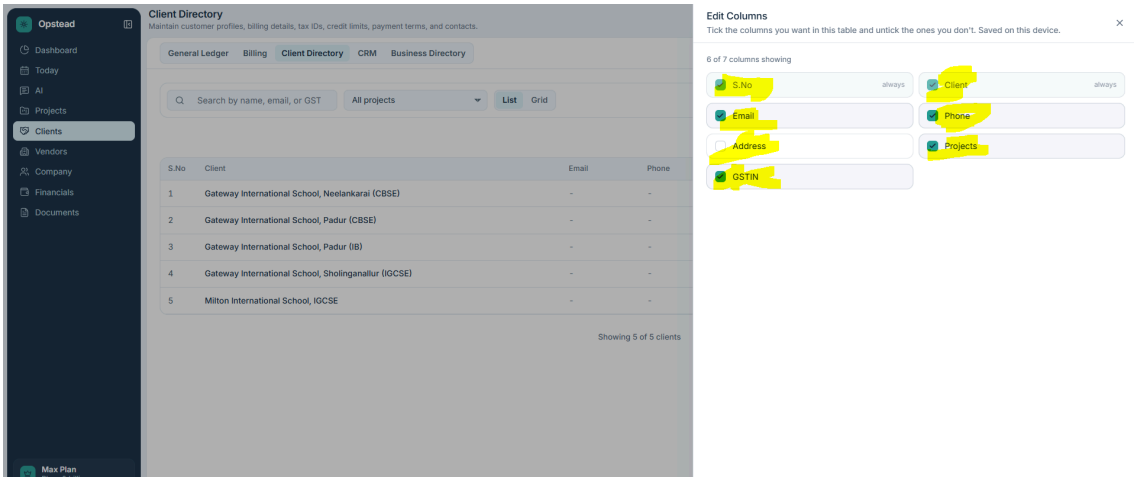

- [ ] But when I click on the vendor (Godaddy.com, LLC), I am not able to see which projects it is actually in.

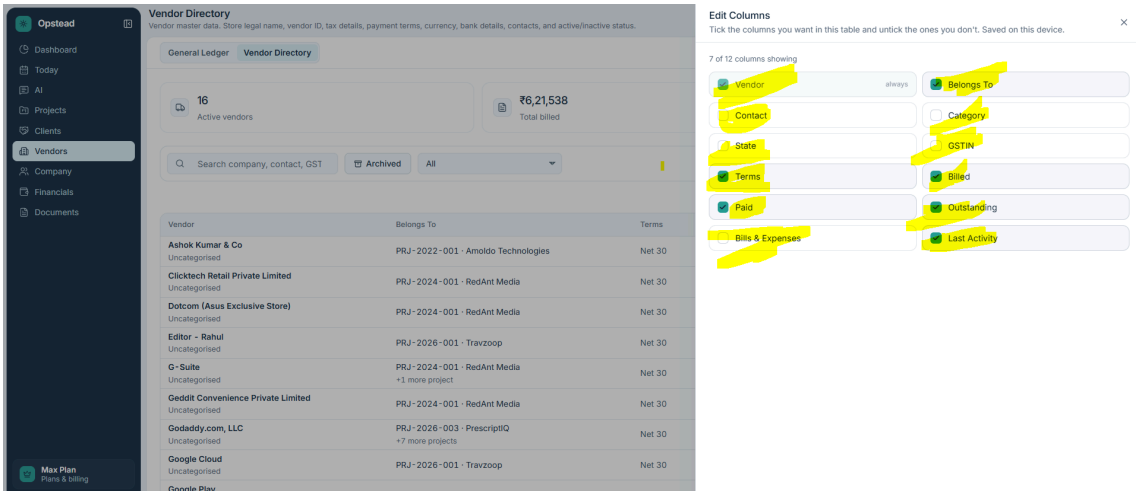

- [ ] The “Transaction History” text is not in straight line

https://edgeos-beta.vercel.app/clients/client-directory

- [ ] In the Client Directory, we have only 7 column options.

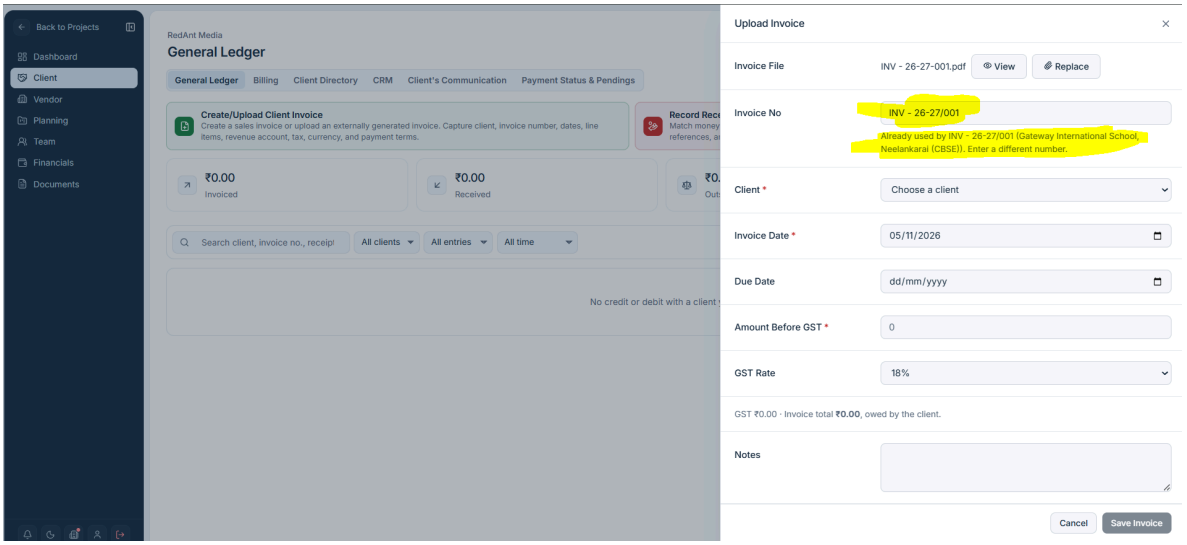

I need more column options like how it is given in the “Vendor directory” given below. Given the column options whichever is applicable

https://edgeos-beta.vercel.app/projects/redant-media/client-management/general-ledger

- [ ] Here if you can see, when I try to upload an INV-26-27/001 in RedAnt Media project. It is showing that, It is Already used by INV - 26-27/001 (Gateway International School, Neelankarai (CBSE)). Enter a different number. - But that is from the Amoldo Technologies Project.

So the system should not get confused between the same invoice between different projects. For system purpose, it can change its internal logic as “INV - 26-27/001 - AT” for Amoldo Technologies and “INV - 26-27/001 - RM” for RedAnt Media. But customers should see INV - 26-27/001 in Amoldo Technologies and INV - 26-27/001 in RedAnt Media.

https://edgeos-beta.vercel.app/projects/amoldo-technologies/client-management/payment-status

- [ ] Freeze the top row and give pagination up to 50 per page

- [ ] Give column section option - So user can select which ever column needed
